

COVENTRY & WARWICKSHIRE
Maternity Voices
Working in partnership to improve maternity services

Are you pregnant or have you had a baby in the last 12 months?

We are looking for parents to carry out a walk around of various maternity areas to feedback to us on what it might feel like to receive care there or to be supporting someone who is receiving care.

Are you available to attend a walk around a maternity unit or children's centre between 12th -15th July 2021 with a virtual feedback session on the 16th July at 11.30?

If you are interested in being involved or would like to find out more then email Leanne.howlett@cwspt.uk.
