

FWT - Foleshill Women's Training Limited

FWT are an award winning voluntary sector organisation in Coventry dedicated to removing the Social, Health & Economic barriers facing all women, including women from BME communities, and we strive to support 'women moving forward'.

Our vision

To ensure that all women in Coventry and its surrounding areas, regardless of religious and cultural backgrounds are able to successfully fulfil their ambitions and achieve their economic, social and health aspirations.

Our mission

To provide women only, culturally sensitive, language supported services to all women from across the City, and striving to reach those who remain hidden and isolated.

About FWT

FWT was formed in 1989 to support BME women, and has developed substantially over the years. We offer programmes to support women to achieve their goals and 'move forward'.

Our provision includes education & training programmes, healthcare and employability.

We pride ourselves in our robust outreach activities, ensuring women across the city can access our services easily, and be signposted & referred for more in-depth support. Our strong partnership & network links further enhance our provision and reputation. We have a high profile within locally with links regionally and nationally.

Our funding streams reflect the needs of women, and support our core objective.
